Simulation Management

SimVS Simulation Management Packages

Nurse Call System	MS143972	**$1,995**
Telemetry Multi-Patient App	DG073227	**$995**
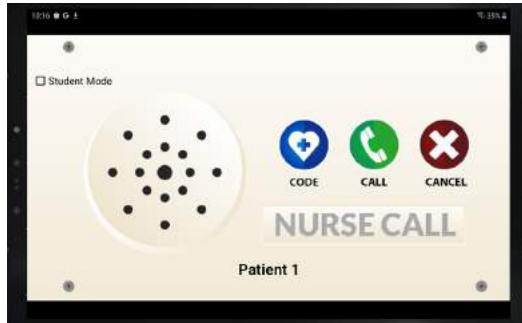

Nurse Call Interface

Telemetry App

Our complete line of SimVS Simulation Management Platforms are intended to be used alongside any of our SimVS packages. Both our Nurse Call system and Telemetry app are economical platforms that utilize augmented reality to control patient alarms or diagnostic results for multiple simulation environments.

Improve Realism, Improve Education, Improve Patient Outcomes

Instructor Tablet
Controls the physiological displays of monitors allowing educators to influence student care decisions.
